My husband and I hired Ron Santibanez with Profit Line Consulting to develop our feasibility study and guide us through the ins and outs of restaurant ownership/investment. Ron has extensive knowledge with FOH and BOH and we could not have made the decisions we needed to make without his extensive experience, knowledge, and insight. He was professional, attentive, and motivating. I would recommend Ron to anyone looking to venture into the restaurant industry or to anyone wanting to grow their existing restaurant business. As first-time restaurateurs, Ron's guidance gave us the confidence we needed to make the decisions that were best for our circumstances."
